

Metropolitan PGA Social Media Tips: #Hashtagging

We want to be able to share all you do as PGA Professionals. And if we're not able to share, we want everyone to be able to **FIND** you! That's where tagging and #hashtagging come into play!

Hashtags are a way to connect accounts from all over the world to relatable topics. For example if you were to search #pgatour, #pgachampionship, #bethpageblack, anything and everything that has that hashtag will come up!

We have tried to create some hashtags that we find beneficial and relatable for the Metropolitan Section:

Hashtags to use every time:

#metpga #weplay

Hashtags to use for your teaching tips:

#metpga #weplay #metpgaprotips #metpgapro #metsection #pgapro #pga

Hashtags to use for Partners & Sponsors:

#metpga #partnerfirst #sponsorfirst #proudpartner #proudsponsor #partner's name (example: #lincoln #avidiabank #clubcar #nfp)

Hashtags for foundation initiatives:

#metpga #weplay #metpgafoundation #impactinglivesthroughgolf

In addition to the above:

#metpgahope #metpgajuniortour #metpgajr #metpgajrleague #metpgadcp #pgareach #pgahope

Join our Foundation Friday campaign!

Post something foundation related with the hash tag #metpgafoundationfriday and hashtags above!

As far as tagging the Metropolitan PGA Accounts, the best and easiest way for us to see all of your posts is if you tag us in any images and videos and DM us your post when possible

This way your post will show up in our tagged posts on Instagram. If you include us in both the post and in your text, we can hopefully see them all so we can like and share!
